

Recognize that special person or pet in your life with an engraved brick in the new *Lila Kay Peace Garden*.

The central core of this garden is the columbarium - a final resting place for pet ashes. Restful plantings, benches, and the **Memorial Brick Walkway** are incorporated in our setting. Bricks are still available and will be engraved on-site in batches of 25. Funding for the columbarium

was contributed by Lila Kay in a legacy gift to be used solely for this purpose. Lila's cat, *Frosty*, is interred in a spot of honor, and columbarium niches are available to the public.
